### Whither Are We Drifting?

The PEOPLE should name the Recorder and NOT the City Council, the PEOPLE should name the School Board and NOT the City Council. In other words the PEOPLE should rule--that's the Democratic form of government.

#### HOME FOR THE BLIND HERE

Henry Easley, President of the N. C. Association for the Blind says that a home for the blind will be built in High Point, that a site of three acres has already been donated and that the Association would put up the buildings. The institution will be self-supporting, due to the fact that the blind are industrious and can readily find a market for the work of their hands.

#### SUES REGISTER OF DEEDS

S. R. Lane of this city sued Register of Deeds Rankin for issuing marriage license whereby his daughter who is under age was united in marriage against his will. The case was decided against the plaintiff who immediately took an appeal to the Supreme court.

#### THE PEOPLE MUST RULE

The people should name the Recorder and not the few; the people should name the school board and not the few. Surely the people are capable of knowing who they want, and besides, it is presumed we are living under a democratic form of government. To purgatory with centralization of the powers that are and are to be.

#### WITH THE LEGISLATURE

The House has finally passed the six months term in public schools throughout every county in the state, a great achievement. The vote stood 92 for and only 2 against. One of the three great measures up has thus been passed. Now for the freight rate adjustment and the child labor law. With these two other measures passed the House will acquit itself with credit and the editorial printed elsewhere before action was taken by the House will be annulled.

Motorcycles are classed with autos according to a new law and must carry hangers designating their numbers to show that they have paid the required tax.

The Child Labor Law as passed by the House yesterday is a farce, all the essential features being cut out. It is practically no improvement over the old law.

#### PRESIDENT MADERO IS UNDER ARREST

Huerta Is The New President-- Brother of Madero is Also Under Arrest

Mexico City, Feb. 18.--Francisco I. Madero has been forced out of the presidency. He was arrested at the national palace shortly before 3 o'clock this afternoon by General Blanquet.

General Victoriano Huerta, commander of the federal troops, was proclaimed provisional president.

About the time Madero was seized by Blanquet, his brother, Gustavo Madero, the former minister of finance, was arrested by General Huerta who was dining with him in a public restaurant.

All members of the cabinet were promptly placed under arrest with the exception of Ernesto Madero, the uncle of the President, who held the portfolio of finance. He was apprised of the intentions against the government and managed to make his escape.

"Aycock county is dead as Atilla, the Hun, but to bury it and destroy the slaves who bore it to its final resting place may prove more of a proposition.--Greensboro News.

The unkindness cut of them all. High Point is not worrying in the least and it looks like those who are against us in the cause, could afford not to worry also. Time will right all things.

Never mind little Greensboro, don't you cry, High Point will be the biggest city bye and bye.

### HIGHLAND COTTON MILLS

A Great Enterprise For High Point-- Located In A Fine Section Of The City--Work Going Rapidly On

The editor this week drove over the property of the Highland Cotton Mills, and was very favorably impressed with the situation. Ground is being broken for a mammoth plant, being situated on a fine plateau overlooking the city, and only a short distance from the Pickett Cotton Mills. The factory will be located near the belt line, and already a side track is being placed from the belt line to the location of the mill--about 400 yards. The company owns a number of acres surrounding the plant, upon which houses will be erected for the operatives. Work is being pushed rapidly forward.

And the war in Mexico grows merrily on with Madero with one end of the lines in hand and Diaz with the other end, and a veritable tug of war is the result with Uncle Sam looking seriously on. However your uncle has promised to keep hands off. It is a matter of expediency and self-preservation to your uncle Samuel because it would take all the fighting force in the U. S. and then several thousand more to cope with the situation, if we are involved, therefore the "hands off" policy.

A movement should at once be put on foot to elect the recorder by the popular vote of the people, the same way with the school board. Let's do our duty, citizens.

### HOUSE VOTES AGAINST AYCOCK

"Antis" Fight Hard--High Pointers Lend Their Aid--The Vote

By a vote of 56 to 45 the house Thursday night killed on second reading Representative Gold's bill to create Aycock county out of portions of Guilford, Davidson and Randolph after a lengthy debate.

Representative Gold offered to insert amendments to the bill allowing the territory to be included to vote as units on the proposition.

Mr. Gold opened the debate in favor of the new county, arguing that it was due the people in that territory politically, economically and in justice. He went over the same ground as taken by him in his speech before the committee.

Representative Justice followed with reasons against creating the new county. He thought it would be paying High Point a higher tribute to say that its growth was independent of a courthouse. He spoke of eight trains each way, of the good road between the cities, of automobiles passing, and declared there was no occasion for the new county. Mr. Justice said that its creation would injure every interest in Guilford county, and referred to the splendid constructive work of Dr. Gordon, of the Jamestown section.

He said that if left to the people of the communities to vote on as units, they would bury it. Mr. Justice read letters from E. A. Snow and E. D. Steele, of High Point, against it, and intimated that somebody in High Point wanted to sell some lots.

Mr. Ross, of Randolph, opposed the bill, Mr. Young, of Vance, advocated it. Mr. Gordon, of Guilford, spoke against the bill, declaring that it would cripple the magnificent school of Jamestown, besides injuring the other schools in the county.

Mr. Mintz, of Wayne, who voted to report the bill favorably, declared that he could not vote for it now that he had learned that a county bearing the name of Aycock would send a Republican to the assembly.

Mr. Weatherspoon, of Scotland, advocated the bill.

Coming back with a rejoinder Mr. Gold declared impassionately that he was confronted with two things that pained him; one being that Mr. Mintz should change his opinion after finding merit in the proposition simply because the county might go Republican at some time, and the other being the fact that the editor of Charity and Children might influence the vote. "Has the time come when freedom of thought can be crushed?" exclaimed Mr. Gold. "Is the legislature going to turn down a proposition simply because it might go Republican? Who is here that can say with any degree of certainty the complexion of his county two years from now?" He declared that he voted to condemn the Charity and Children editorial because he believed the house fair, and he did not want Archibald Johnson's position to influence anybody.

#### BUYS RING DRUG CO. BRANCH

Mr. J. A. Hart and others have purchased the Ring Drug Co. (branch) on South Main street, and Mr. Hart will take active charge. It will most probably be known hereafter as the Hart Drug Co. Mr. Hart's intentions were first to go to Winston and Mr. Sewell of Asheville was to take his place at the main store of the Ring Drug Co. but the new deal changes the plans and Mr. Hart will remain in the city.

#### A GREAT SPEECH

We say, without fear of successful contradiction, that the speech here last night at the Red Men's Memorial Exercises, by Hon. D. L. James, of Greenville, taken as a whole, was the finest ever delivered in this city. It was a great effort, abounding in beautiful flights of oratory and full of sublime thoughts; pretty word paintings, touched by the brush of the artist- orator and finished in the most beautiful life colors, portraying the great and noble principles of Fraternity. It was a gem of a speech in the truest sense, and all those who were fortunate to hear it are loud in their praises of same. We hope to be able to publish most of it in our next issue.

The music by the choir was of a fine order and very favorably commented upon.

Mr. Leary's speech was also very fine and highly complimented.

Looks like we are to have an early spring, notwithstanding the ground hog decided against us.

Last night, in its wigwam, Chickasaw Tribe No. 32, Improved Order of Red Men, observed memorial exercises in honor of its dead. The meeting was a public one, and a large number of ladies and gentlemen were present. The meeting was presided over by Past Great Sachem Stamey, and the principal speakers were Hon. D. L. James, of Greenville, and Hon. Wm. J. Leary, Sr., of Edenton, both prominent members of the Improved Order

of Red Men. Mr. Leary is the Great Prophet of the Red Men of the state, and Mr. James is on the Board of Appeals. The speeches of these two gentlemen were fine, and we wish we had time and space to print them in full. Both are able speakers and fine orators, and always captivate their audiences. Great Sr. Sagamore Flanagan, of Greenville, was prevented from attending due to a business engagement, to the regret of all the Red Men. Music was furnished by a select choir, and the tribal ceremonies preceding the speaking were of an interesting

The Stewart Family mileage Bill was killed by the Senate Tuesday.

Taft will most probably veto the Webb liquor bill, upon the grounds of unconstitutionality. Gov. Craig and others have asked the president not to do it, but Taft has a way of doing things of his own accord.

The House passed the immigrant bill over the veto of President Taft and hurled a defiance at the president on the immigration matter. The bill is designed to keep out undesirable aliens, and is a good law, and we are surprised at our president vetoing it.
